PROFILE

Recently graduated from Universidad de Guadalajara, CUCEI campus, looking for a junior/entry position job or intern program to develop myself and improve my skills. Experienced in programming languages and tools such as SQL, PHP and JavaScript, as well as HTML, CSS and Git. Some knowledge of Java, C#, C++ and C. I'm very fond of developing applications, particularly interested in front-end development.

EXPERIENCE

Fresh Graduate

PROJECTS

- **Taller Vertical Gameloft Challenge - 1st place 2014**
  Triggers and collision behavior of objects in Unity using C#.

- **Taller Vertical Intel IOT Challenge - 1st place 2016**
